SUMMARY

I am a Software Engineer with over 2 years of experience specializing in .NET Core, Angular, and Azure technologies. I have a proven track record in building secure and scalable solutions, with a focus on healthcare applications. My passion lies in evolving my skills as a solution developer, and I am dedicated to creating impactful technology that meets the challenges of AI and automation

EXPERIENCE

Associate Software Engineer

Technosoft Solutions 📅 02/2023 - Present 📍 Lahore, Pakistan

A software development company focused on innovative solutions
- Worked in a cross-functional dev team following Agile practices
- Contributed to a HIPAA-compliant healthcare product using .NET Core, Angular, and Azure
- Worked with third-party services like Twilio, SignalR, and Easypost
- Led the project in the team lead's absence, ensuring timely and smooth delivery

BS Computer Science

National College of Business Administration & Economics

📅 02/2019 - 12/2022 📍 Lahore

Intermediate in Computer Science

Govt. Islamia College Railway Road 📅 04/2016 - 03/2018 📍 Lahore

KEY ACHIEVEMENTS

👥 Leadership in Project Management

Successfully led a critical project in the absence of the team lead, ensuring 100% scheduled tasks to be delivered ahead of schedule

📈 Optimized Redis Caching System:

Refactored a poorly implemented Redis integration, reducing cache-related errors by **90%** and improving response times by **40%**, resulting in a more reliable and scalable system.
